She'd walk rite past him
With no emotion in her eyes
He'd stare and wonder
How he let her pass him by
But all the while she was living one bigâ€¦

Lie(lie)
May the demons from the deep
Beckon her body tonite
May the angels sing her to sleep
And once her slumber begins to cry
May her heart be torn to pieces (pieces)
From her past..present..furtureâ€¦ lies

He'd reach out his hand
But she would demand

Stabed him in the heart
Tore his life apart
All this ended in her own pain
Agony from hate
Not sure to believe in fate
But all he knows
Is that she keeps sucking him back.

For him she'd summon for
But he was never quite sure
Where would he end up
If all this was just another screw up.
Oh sure she liked his bed
But that was the only
Thing in her head
The cups poured into the wine
Never once cared if with all this he was fine
All she would ever do isâ€¦.

Lie(lie)
May the demons from the deep
Beckon her body tonite
May the angels sing her to sleep
And once her slumber begins to cry

May her heart be torn to pieces (pieces)
From her past..present..futureâ€¦ lies

She would walk right past him
With no emotion in her eyes
He'd stare and wonder
How he let her pass him by
But he never looked past the blank stare
But when she turned the corner
She broke down and died.
