Enchantment..turning into a curse  
And baby i just can't tell what hurts worse  
Losing you or loving you  
Save me from this reign  
This agitation leaves me drained..  
And all i can say is...

With wings against the wall  
Will you help me if i fall  
Sleigh me if death is near  
The real thing i only fear  
Wipe away my tears  
Kiss away my fear  
With wings against the wall  
Will you help me if i fall?

Its so hard cuz  
You suck the elixar out of me  
So swiflty but with grace  
But the vial's about to crash..  
baby you're the trace..

I'm not one to show my wounds  
Now i have..  
Baby have i revealed too soon?  
Is this gonna be just another attraction?  
A fatal crash..with a fatal reaction?

With wings against the wall  
Will you help me if i fall  
Sleigh me if death is near  
The real thing i only fear  
Wipe away my tears  
Kiss away my fear  
With wings against the wall  
Will you help me if i fall?

And not everything's wat it seems  
Nightmares forming from the most blissful dreams

What if the tears keep coming  
Forming from the grave  
Malevolence takeing over  
Exposing me to pain

What if the tears keep coming  
Forming from the grave

Exposing me to pain

Trust me  
I've fallen  
You'll get back up again  
Baby don't worry  
This is not the end.

...with wings against the wall...  
...will you help me if i fall...  
...reach for my death...  
...it's near...  
...but kiss away my fear...
