this is not a test.  
this city's empty.  
so start to panic.  
take the cure.  
reverse the sickness.  
take the cure.  
these kids are dressed to kill.  
reverse the sickness.  
they'll burn this empire down.  
this is not a test.  
this is how it ends.  
taking in this sin.  
ending with this trend.  
this is not a test.  
this is not a test.  
this is how it ends.  
taking in this sin.  
ending with this trend.  
this is not a test.  
the thrill that entertains the adults and kills the kids.  
this pill that takes us under.  
we stand with our mouths open!
