Not now not ever
now's not forever

smoke and a blindfold this is where I disappear
I got the last words scripted saved
I'm not having this conversation with you

hope is a passenger faith shot the messenger

just as his hand emerged waving to show you the score
smiling sinister break through your thin veneer

wielding your bleached out prosthesis like so many
bones
and smiles long forgot hauled away afterbirths
Hand-Wringer's Local sits grinning cause they know the
score
come down dizzy boy heights will only destroy all the
facts as shown

Hold your breath

360 blind spot tell me why you like it here
with all the world takes away
I'm not having this conversation with you

Hope is a passenger faith shot the messenger
just as his hand emerged waving to show you the score
Smiling sinister break through your thin veneer
wielding your bleached out prosthesis like so many
bones
And smiles long forgot hauled away afterbirths
Hand-Wringer's Local sits grinning cause they know the
score
come down dizzy boy heights will only destroy all the
facts as shown

Thinkin that you're big
you're small

Not now not ever

Now's not forever
I'm not having this conversation with you
