In the cold by the sea
It was you, it was me
Underneath the stars
In the shadows of the trees

Whisper yes, whisper no
Je t'aime, I love you
Underneath the stars
Beside you in your car

By the way
By the way
Oh, would you like me to stay
By the way

By the way
By the way
Oh, would you like me to stay
By the way

Now it's all in the past
Always thought you would last
Underneath the stars
Can you hear my heart

Every night in my dream
It is you, it is me
Underneath the stars
Beside you in your car

By the way
By the way
Oh, would you like me to stay
By the way

By the way
By the way
Oh, would you like me to stay
By the way

By the way

By the way
Oh, would you like me to stay
By the way

By the way
By the way
Oh, would you like me to stay
By the way
