[Tony Yayo:]
It's a sunny day in SouthSide, my man got tossed
Got his brains blew out on the handball court.
Word is T! - Said suttin' to Craig's baby-momma

Craig got upset, and shot him with the Llama. (BLAAT!)
[gunshot]
Craig in the cut. - Blood niggaz put him up!
Plane in PA - land casual with' a slut.
And he still walk around with the semi that killed T
He let his big bro push and re-up in Philly.
What little do we know 'bout his Philly connect,
That nigga T had fear bleed, he'll filll he correct.
Craig re'd-up once. - Craig re'd-up twice!
Sour Diesel, two pounds, everything look nice.
But the third time, suttin' fishy. - The nigga Izzy.
And two goonies, the roof loony!
The Mack extended, Craig ran off like the Jamaicans in
the Olympics
Jumped out the window when he got into British.

[Chorus: Tony Yayo]
What that Blood life be like?
What that Crip life be like?

What's that Vice Lord life like?
What's the G.D. life like?

But I twerk. (twerk!) - Nigga it's the Silver Surf.
Got my lil' Gain Greene soldiers on deck, they waitin' to

They waitin' on the plate of food, wait to make a move

When I say so - Prego fallin' from the sky,
Laying all the baller guys, all of I. (!!)
