[Hook]

Some niggas lie like they money long
But you can look at me and see hey
That I can make it snow in the summer baby
And I can make it rain when it's sunny lady

I need that money, money
I get that money, money
To your head to toe,
Got these girls money hungry
I got a swag degree, I pop the tag so gradually
Another day, another dollar
My bed sheet Prada
I lay on the shit feel like a million dolla'
Shawty says she swallow, I can't believe this shit
She on my dick cuddle so artistic

[Hook]

Some niggas lie like they money long
But you can look at me and see hey
That I can make it snow in the summer baby
And I can make it rain when it's sunny lady
It ain't a secret you know how we do
The game belongs to me yeah
Cause I can make it snow in the summer baby
And I can make it rain when it's sunny lady

Yeah, it's winter time baby so we pull them temps out
The flop of a vest that will leave your limbs out
I grab the keys, full up foreign with the rims out
It's sweeter than â€¦i show you what a pimp bout
Hopping out designer shoes in designer clothes
Draped in designers jewels with designer hoes
You see my â€¦ where my girl is smooth
We keep it pimping pimping nigga don't disturb this
groove
Move around before we put you on a payroll bitch
It's bud b, keeping it p with Tony Yayo bitch!

[Hook]

Some niggas lie like they money long

But you can look at me and see hey
That I can make it snow in the summer baby
And I can make it rain when it's sunny lady
It ain't a secret you know how we do
The game belongs to me yeah
Cause I can make it snow in the summer baby
And I can make it rain when it's sunny lady

Thuger money long, thuger money grown
I take them bitches on field trips to my home
I can make it rain and turn it to a hurricane
Make it snow when it's 84 I ain't playing
They call me weather man cause I got that cedar maine
But ain't no lie, I feed them bitches pocket change
You can start a thang, less you a pussy or brain
Let me be your pimping manager, same thang
Yeah I'm tight with it, only certain type get it
Just cause thug got it don't mean I gotta give it

[Hook]

Some niggas lie like they money long
But you can look at me and see hey
That I can make it snow in the summer baby
And I can make it rain when it's sunny lady.
