[Talking: Tony Yayo]

Yea they say it's a recession out here man  
It definatley is man  
Prices is high

I don't even call these niggaz hustlers  
They strutlers  
Cause they struggling to hustle, feel me  
But man, only the strong survive, feel me  
That's why I'm still here nigga  
Yea

[Tony Yayo:]

Them bullets coming like the grim reaper  
The hurt like natural birth with anastesia  
Every little nigga got sour they scrambling  
They car jack ya for your shit out in camdon  
New jersey drive,  
In desperate times we do desperate things to survive  
You can't bring the knife to a gun fight  
Scandalous hoe's I'll set you up tryna pipe  
He only 13 made the front page  
Shot a boy down for his 13 flip greys  
And jordan is a billionaire  
His momma cryin I woulda got another pair  
We don't court in the street with our issues  
Fuck 3 years if we caught with our pistols  
We lock it down like pitbulls  
And if the feds start coming it's a pit fall

[Chorus x2: Tony Yayo]

It's a recession the street  
And it ain't getting better  
I'm married to the game  
For the worse or the better  
They show my oj gloves in nashville, nashville

[Maino:]

I rather die young than live long being broke  
I rather be feared than be takin for a joke  
Car full of guns, pocket full of hope

A mind on a mill, kitchen full of coke  
All black everything nothing too colorful  
Ski mask and the gloves this is what it's coming to  
Damn right for the bucks we coming for you  
Knife work carve niggaz up something wonderful  
I'm a money making nigga of a gay-z  
Niggaz get washed up and catch bullet beds  
No tints half a brick in a louie bag  
You ain't seein nuttin nigga to we see the cash  
The streets hungry, killers coming lookin for you  
Either you take or you get somethin taken from you  
It's quite simple you eat or you starve  
It's my god given right to go hustle and rob

[Chorus]
