

marian missinaries of the holy cross

"marian battle hymn"

Visit "[marian battle hymn](#)" on MotoLyrics.com

the time has come for us to raise our voices
to share the love that we have just began
we are sons of mary were all brothers
and from this moment on well live as one
through pain and sorrow well go on
our love will not leave us alone
brave and daring as we are
our victory will not be far
remember to give your mother a new company
new dauids,young crusaders,strong and wise
the cross and rosary on both hands
and spread the news that god has won our land
step out soldiers raise your brows
our confidence in her will show
hold each other by the hand
and call your friends throughout the land
sing and shout for the love of mary
sing and shout for the love of christ
in unity we shall all be free
we shall all be free
