I'd like to go away, but it's easier to say  
That you know all the tricks that make... that make me  
stay  
I'm ready to support this artful game you always play  
'Cause you don't know the fee that you will later, later  
pay

Today you think you are the winner, today you think you  
are the king  
You make me sweat in my emotions under your fly-  
away, fly-away wing

I wanna be the sunshine in your arms, I wanna be the  
light from shooting stars  
I wanna be the queen in your sweet lies, I wanna be the  
love-spark in your eyes  
I wanna be the sunshine in your arms, I wanna be the  
light from shooting stars  
I wanna be the queen in your sweet lies, I wanna be the  
love-spark in your eyes

Ay ay ay ay ay ay...

I like a simple game, but it's just easier to say  
That you own all that rules your crazy, crazy way  
And even though you'll go on doing whatever...  
whatever you may  
Just remember - it's me who find you when... when you  
was stray

Today you think you are the winner, today you think you  
are the king  
You make me sweat in my emotions under your fly-  
away, fly-away wing

I wanna be the sunshine in your arms, I wanna be the  
light from shooting stars  
I wanna be the queen in your sweet lies, I wanna be the  
love-spark in your eyes  
I wanna be the sunshine in your arms, I wanna be the  
light from shooting stars

I wanna be the queen in your sweet lies, I wanna be the  
love-spark in your eyes

I wanna be the sunshine in your arms, I wanna be the  
light from shooting stars  
I wanna be the queen in your sweet lies, I wanna be the  
love-spark in your eyes  
I wanna be the sunshine in your arms, I wanna be the  
light from shooting stars  
I wanna be the queen in your sweet lies, I wanna be the  
love-spark in your eyes

Ay ay ay ay ay ay...
