For the longest time I searched high above the sky to  
find the one for me,

Sweet birds guided my limbs, and told me it was purely  
destiny

A few clouds came my way, and suddenly came the  
break of day

And it was you, only you, then I gave my love to you

Chorus:

And I gave my love to you

And I gave my love to you

And my rivers flowed for you

And my rivers, my sweet rivers flowed for you

Please don't tear my heart in two

Please don't tear my heart into two

As I give my love to you

As I give my love to you, as I open wide for you

Sailing cautiously without knowing that my reality will  
soon come

Strong winds brought me from my high, I drifted  
gradually from my ride

Touching down, kissing grounds, it's you that I look for

Let's be two my baby, as I give my love to you

CHORUS

Tender lover, blow your cover, release emotions

For there's no other but us two

Give it to me and I'll, I'll give it to you

Discover trust in my sweet caress

Female sunshine and nothing less

Just a touch from my hand, and infinite warmth from  
my man

Yea gonna make you mine, yea till the end of time

Cause I'm open wide with so little to do

Simply put I live my life for you

Give it to me and I'll give my love to you

CHORUS
