(Chorus)

I can love you, (I can love you), I can love you (I can love you)

I can love you, (I can love you), I can love you (I can love you)

I can love you better than she can . . .

I can love you, (I can love you), I can love you (I can love you)

I can love you, (I can love you), I can love you (I can love you)

I can love you better than she can . . .

[Mary J]

Sitting here, wondering why you don't love me,
the way that I love you and baby

Have no fear, cause I would never ever hurt you,
and you know my love is real and I can . . .

(Chorus)

I know sometimes can get rough, but we'll make it.

We'll make it through the storm and I know

I will try to make sure that you can trust me

And you know the reason why that I say . . .

(Bridge)

I can love you (I can love you) a little better than she
can

I know that you (I know that you) wish that you could be
my man

Cause I can love you better than she can

(Chorus)

[Lil' Kim]

If I told you once, I told you twice, Q-B,

Throw the bootie, like a groupie for more ice

Armor truck Heist, get a bonus like N'Bushe

In love with you since the days of "Juicy"

Now I watch you play Columbo, Picasso

Tricks inside colassals, turn you castles to brothels, uh!

Who you lovin'? Who you wanna be huggin'?

Dippin on ya Ninja Honda with Tanisha and Rhonda,
wha!
You work more body than Jane Fonda,
Physical fitness, Mary Blige be my witness
Under pressure, I lie for ya, die for ya
Luger by the side for you, right hand high for ya
Because of you, I'm inheritin' trillions
Buryin' billions, Bentley Coupe millions
Playin' good samaritan, in the sheridan
Crack the Dom P's and Remy's, you better hurry in
Who's gone love you like I do? Huh? Wha?
Who's gone treat you like I do? Huh? Wha?
Mary Blige, Lil Kim, hah-hah
Queen Bees, ah-hah, that's me
That's right, Mary J, Lil K . . .

[Mary J]
Who's gonna make you feel the way I do?
Nobody, nobody
Who's gonna make you feel the way I do?
Nobody, nobody
(*fades*)
