Too \$hort why you say those nasty rhymes?  
How come you be dissin all us girls?  
Too \$hort why you say those nasty words?

It's like this bitch

Verse 1:

See I hit the studio ten years ago,  
Screamin out cuss words like "fuck you ho"  
Comin from East Oakland went nationwide,  
I'm on my tenth album bitch and I still aint died  
Wouldn't change for nuthin, gettin paid to kick it,  
You could rap your whole life and wouldn't make a  
mealticket  
Nigga don't stop rappin let the hoes keep hoin',  
As long as I'm alive I'ma keep on rollin  
Can't do nuthin for a bitch while she bleed,  
You can put that on a fat bag of weed  
And get high, nigga fuck these hoes,  
I'll be singin nasty rhymes even when I'm old  
Cause I don't stop rappin, bank keep stackin,  
Wherever theres hoes best believe I'm mackin  
All you emcees tryin to take my place,  
Yellin "Beyotch!!" just to hear the people say

Verse 2:

I talk bad about a bitch, it aint that hard,  
Never got the big head still the same old Todd  
In every household niggas know my name,  
Hoes love the way I kick that game  
>From nineteen-eighty to ninety-six,  
I'm still makin hits, hoes ridin the dick  
My crew is thick, and we dangerous,  
You lick dick bitch, you wanna hang with us?  
You better never talk down on a player,  
I'm \$horty the pimp, I got hoes everywhere  
I get my cash quick you lil' fast bitch,

I take you to my house and get my ass licked  
You say hey Too \$hort why you rap so nasty,  
I look you in the face and say bitch don't ask me  
Nuthin, they'll never take my place,  
I'm yellin "Beyotch!!" just to hear the people say

\*Female speaking indeterminately\*

Don't get me wrong bitch

Verse 3:

See I got a gang of homies that I put on deck,  
I make the shit that you bump when you in the projects  
You can check my file and won't find a flaw,  
You can ask these bitches am I really raw  
Like Captain Fowl, I cuss you out while I spit in your  
mouth,  
So bitch don't ask me how  
Too \$hort fucked it up came back again ho,  
Smokin them big fat sacks of indo  
I make a new album every year,  
My speakers so loud I can barely hear  
I got a bad bitch, with some big ol' breasts,  
I like to play with them titties, lay my dick on her chest  
And start strokin, thats how it should be,  
I'm bustin' nuts everywhere but in her pussy  
And if sometimes things don't go my way,  
I say "Beyotch!!" just to hear the people say
