they say Eve gave Adam the apple  
Adam didnt want it at all  
but though Adam was fussy that old Eve was a hussy  
she talked him right into the fall

they say Eve gave Adam the apple  
the poor man didnt know what for  
but as soon as he gave in to her original sin  
the Big Boss kicked them out the door

chorus:  
o-oh Eve, you got a bum rap, sister  
Eve, I think youve been framed  
whoever wrote the Bible should be sued for libel  
cause since then all your daughters  
have been taking the blame

they say wed still be in the garden of Eden  
having picnics if it werent for Eve  
at least thats what the Pope and the Ayatollah  
and guys like that would have you believe

oh but lets take a look at what happened  
after paradise was no more  
Eve invented agriculture and art  
Adam invented war...

...and nuclear technology to threaten our ecology  
and sneaky male theology to dictate our biology  
I think Adam and his buddies owe us all a big apology

chorus

they say Eve gave Adam the apple  
now pardon me if I sound crude  
but no matter who they say seduced who that day  
Eve was the one who got screwed

chorus

were either whores or witches, madonnas or bitches

Eve, I think weve been framed  
enough of this invective, lets have some perspective  
its been ten thousand years and were still taking the  
blame  
but Eve weve had enough and things are starting to  
change  
oh Eve were gonna clear your name
