I was 21 years when I wrote this song  
Iâ€™m 22 now but I wonâ€™t be for long  
People ask me when will you grow up to be a man  
but all the girls I love at school are all ready pushing  
prans

I loved you then as I love you still though  
I put you on a pedistal and put you on the pill  
I donâ€™t feel bad for letting you go  
I just feel sad about letting you know

Ref:  
I donâ€™t want to change the world  
Iâ€™m not looking for New England  
Iâ€™m just looking for another girl  
x2

I love the words that you wrote to me  
but that was bloody yesterday  
I canâ€™t survive on what you send  
everytime you need a friend

I saw two shooting stars last night  
I wished on them but they were only satellites  
as drunk to wish on spacehardware  
I wish I wish i wish you care

Ref:  
I donâ€™t want to change the world  
Iâ€™m not looking for New England  
Iâ€™m just looking for another girl  
x2

Iâ€™m just looking for another girl  
Iâ€™m just looking for another girl  
Iâ€™m just looking for another girl
