Sunrise, Sunset
Sunrise, Sunset
? Kingboys, Kingboys, Kingboys, Kingboys bad an a
pinboy hard
Chack's my name and here's my card
Rock the mike and rap the rhyme
Don't you mess or we'll wreck the line
so fine, so fine
Sunrise, Sunset
Rockman Rock, he don't talk much
Never was ? and his Bitch was Dutch
Sampling sounds where others' don'd dare
the DJs scream IT'S NOT FAIR
Rockman Rock drives all the chicks wild
Snake like hips and skintight stride
so fine, so fine
Sunrise, Sunset
Everybody gonna Disco step
Everybody gonna Disco step
Rockman Rock
Rockman Rock
so fine, so fine
Sunrise, Sunset
Everybody gonna Disco step
Everybody gonna Disco step
Rockman Rock
so fine, so fine
Rockman Rock
Plays electric guitar
Takes a trip in his super car
Stars in his hair, shine through the night
Secrets he keeps are out of sight
Rockman Rock is the sage of sages
His wisdom is famed down through the ages
So Fine, So fine
My name is Jed and they call me Sky
Riding the waves with out heads held high
We came from Atlantis on a burning shell
with our 808 program to sell
Rockman rock, he showed us the way
we opened our Gyros and we thru them away

Sample City is where we belong
Move on King Boy, it won't be long
I'm plugging you in and I'm switching you on
I'm loading in a love song, it won't be long
My midi is waiting and your DX is at hand
the AMS is scratching in this Sample wonderland
Rockman rock, he showed us the way
we opened our Gyros and we thru them away
Sample City is where we belong
Move on King Boy, it won't be long
Rockman rock, he showed us the way
we opened our Gyros and we thru them away
Sample City is where we belong
Move on King Boy, it won't be long
My name is Jed and they call me Sky
Riding the waves with out heads held high
We came from Atlantis on a burning shell
with our 808 program to sell
Rockman rock, he showed us the way
we opened our Gyros and we thru them away
Sample City is where we belong
Move on King Boy, it won't be long
Rockman rock, he showed us the way
we opened our Gyros and we thru them away
Sample City is where we belong
Move on King Boy, it won't be long
