

Too \$hort "Analyze the Game"

Visit "[Analyze the Game](#)" on MotoLyrics.com

Why, why she hoein' man?
Why's she hoein', you ain't knowin'?
Oh, you know why
Why is she prostitutin' her body, bitch

Analyze the game and tell me why 'cause pimpin' won't die
All these tricks want pussy to buy, the pimpin' won't die
You can analyze the game and tell me why 'cause
pimpin' can't die
All these tricks want pussy to buy, pimpin' won't die
bitch

Why she hoein', you ain't knowin'
About all them dicks she be blowin', bitch where you
goin'?
Bring yo' ass back, here right now
Cook my food, and clean my house

Put my dick in yo' mouth
Hell naw bitch you ain't goin' out
You better realize she's a ho by nature
Takes one to know one fo' sho' I'm a player

She ain't really happy 'less she lickin' a dick
With a sucker-ass nigga that be trickin' an' shit
You can't train the pussy by lockin' it up
Raw dickin' the pussy and knockin' it up

She still gon' be a ho and a baby by you don't mean shit
What kind of player are you? Let's get rich
Run the game with no glitch
Look her in the eye and say, bitch

Analyze the game and tell me why 'cause pimpin' won't die
As long as these tricks want pussy to buy, the pimpin'
won't die
You can analyze the game and tell me why
You know the pimpin' can't die, bitch
As long as you believe I'll never lie, can't die

Ain't no need, for you to front, keep it real
With these hoes they give you what you want
Tell the bitch, you wanna fuck
If she say no so what?

'Cause all you really wanna do is get this cash
Pull hundred dollar bills out a bitch's ass
Too many niggaz with the wrong agenda
Can't love the bitch, turned around to pimp her

Make your wife your ho and your ho your wife
You can't do this dumb shit your whole life
That ain't pimpin' you need to let that go
Run home to your wife and forget that ho

Analyze the game and tell me why it won't die
As long as these tricks want pussy to buy, this pimpin'
won't die
You can analyze the game and tell me why the pimpin'
won't die
As long as you believe I'll never tell a lie

Nigga you all straight lines and fo' corners
Squarer than a motherfucker, Oakland California
That's where I got my name, I never could change
Runnin' through the streets of the O is to blame mayne

You always frontin', whassup wit you?
You either do what you told or tell people what to do
Are you a boss or a worker, you big pimpin'
All by yourself and ain't got no women

Analyze the game, please tell me why the pimpin' won't
die
As long as these tricks want pussy to buy, pimpin' can't
die
You can analyze the game and tell me why
Ya know the pimpin' won't die as long as you believe I'll
never lie
Pimps up hoes down, bitch

Analyze the game and tell me why it won't die
All these tricks want pussy to buy, the pimpin' won't die
Analyze the game and tell me why, can't die
All my bitches know I don't lie, this pimpin' will never
die, bitch
