Uhh

Hey yo \$hort, they ain't ready for this one nigga

Yeah

Whatever you want I got it, ammos, cars and chips

Yards of sniff, flood the boulevard with bricks

Hard or soft, raw get flipped, B.I. slash O.G.

Know about hoes, broads and strips

Hatchback I stuff 'em all with dicks, nasty nigga

Whup mo' ass than Steven Seagal in flicks

Like, it's a Spike thing, I do the right thing

Smack ass silly, bitches call me Sweet Dick Willie

Cause my cum, tastes like Now or Later

So it attracts like strawberries and crocodile gators

On backs like a scout for the Raiders

Turn wives into hoes so if your girlfriend blow, then she

go

If she ain't legal, she can't mob at Teddy's

We can't bump and grind and I ain't Robert Kelly

So act like the broad in Belly, face down

Ass up, that's how I like to fuck

[Chorus: unknown female]

Whatever you want I got it

If there's money to make, let's spend it

Whatever you need, come get it

And it feels so good to me - I'm wit it

[Too \$hort]

I'm lovin life, what'chu want me to say?

I'm tryin to tell the whole world, they goin dumb in the bay

They don't care if you don't like it, it's fun anyway

We smoke bomb in the bay on a sunny day

It's rainin buds, comin straight from Humboldt

Got a blunt rolled, a trunk full and still want mo'

It's not enough, light it up and get fucked up

You got a rat in the hood, 'bout to get sucked up

Yeah bitch, shut up and swallow the nut

Or turn around, and let me shoot it all in yo' butt

Cause I'm a freaky nigga when I get these sluts

And you a nasty girl, you like to lick these nuts
So when you call my phone and say pick me up
Cause you want me to shove this dick in yo' gut
I'ma do it, fold you like a 50 dollar bill
Fuck you real good and say, "Bitch how's it feel?"

[unknown female]
Feels so good to me {*3X*}
Feels so good to me - I'm wit it

[someone]
Ay 'Face man why don't you let these punk-ass niggas
know what time it is

[Scarface]
I don't wanna let these niggaz know what time it is
Because if I let niggaz know what time it is
Then niggaz is gon' tryin to use they clocks to try to set
they time to mine
Dig that
