(feat. Tanu)

[Too \$hort]

You want me to say I do?

I L-O-V-E Y-O-U

You love me don't you, now it's true

The opposite, that's how I do

Relationships, they come and go

Next thing you know she's on the flo'

Dancin, she wants some mo'

Her ex-boyfriend he'll never know

She's still sprung, can't tell her nuttin

She was young, when she fell in love with him

Used to spend every day with him

He cheated, and now she's hatin him

He's a fraud, don't tell her that

You can do a background credit check

Show her how to have better sex

And it still ain't over - never that~!

[Chorus]

It ain't over, I want you to get it closer

Wanna get to know what, what I want will get me goin

It ain't over, got a man but he ain't gonna

Wanna get me goin, come on baby show me what's up

[Too \$hort]

I wanna go there wit'chu

Do the house and the kids too

I know what it is wit'chu

You hot, girl I'm thizzin too!

So you gotta be home at 10?

Next time I see you it's on again

I shoulda known your man'd

hit redial, and call your phone again

Who's ass is that?

Bitch don't ask me that

I'm keepin you, I won't pass it back

Let it ring don't answer that

Unless you wanna tell him now

While we havin sex and you hella loud

Screamin and yellin out
Tell him what we all about

[Chorus]

You say you want it and that I'm in love
I got another but I'm feeling yah
You so hot, but I been involved too long
It ain't over, boy I just can't go, oh no

[Too \$hort]

You think he slept around
Held you back and kept you down
You was sad, are you happy now?
At your momma and your daddy's house
With a sad and long face
Wishin you had yo' own place
You've been lonely lately
Even tried to go on and datin
But then you met me, I'm a different type
Can't fall in love, I'm pimpin right
Probably wanna fuck by the end of the night
Push your dress up and your panties aside
The best ever, it can't be true
I'ma pull on your hair and spank you too
You like it rough, I think you do
I'ma beat it up 'til the pink turn blue

[Chorus]

You say you want it and that I'm in love
I got another but I'm feeling yah
You so hot, but I been involved too long
It ain't over, boy I just can't go, oh no
It ain't over, I want you to get it closer
Wanna get to know what, what I want will get me goin
It ain't over, got a man but he ain't gonna
Wanna get me goin, come on baby show me what's up
