(feat. Jazze Pha)

[Chorus: Jazze Pha]

Nothin' in the world make a nigga feel better
Than when you're suckin' my dick
(Lick it right there, suck it real good
lick it right there, suck it real good)
Nothin' in the world make a nigga feel better
Than when you're lickin' my balls
(Lick it right there, suck it real good
lick it right there, suck it real good)

[Too \$hort]

I know you like it when I cum in your mouth
You like it in the car, you like it on the couch
You like to lay me on my back, and spit on my nuts
Suck it up like a slut, and then you wanna fuck
You make me feel like I'll never know a better friend
I hope you never stop, I hope it never ends
I must be tastin', somethin' like your favorite flavor
Can you do it again? You said maybe later
Baby wait a little while, you said your jaws was hurtin'
So I turned out the lights and closed all the curtains
But when you closed your eyes I put my balls on your
cheek
Cause I'm wide awake and can't fall asleep
Now lick it

[Chorus: Jazze Pha]

Nothin' in the world make a nigga feel better
Than when you're suckin' my dick
(Lick it right there, suck it real good
lick it right there, suck it real good)
Nothin' in the world make a nigga feel better
Than when you're lickin' my balls
(Lick it right there, suck it real good
lick it right there, suck it real good)

[Too \$hort]

Yeah I'm one of those rappers, I reap the benefits
I'll fuck a Too \$hort fan, a cute freaky lil' bitch
I used to go to L.A. and get sucked by Super Head

When you was just a kid gettin' sent straight to bed
You used to get ya ass whooped when ya listened to
\$hort

But now she's all grown up with my dick in her throat
The way you take it out, then you stick in your mouth
I bet you won a gold medal at the Dick Olympics now
I just spit the pimpin', I like the thick women
I like the slim goodies and the real big women
But I just love the way you lickin', it's original
I feel like a pimp-player-mack-daddy-gigolo
Damn

[Chorus: Jazze Pha]

Nothin' in the world make a nigga feel better
Than when you're suckin' my dick
(Lick it right there, suck it real good
lick it right there, suck it real good)
Nothin' in the world make a nigga feel better
Than when you're lickin' my balls
(Lick it right there, suck it real good
lick it right there, suck it real good)

[Too \$hort]

Remember Tina? Tina, the sperm cleaner?
I had a good time last time I seen her
Blowjob Betty, Deepthroat Dana
You're always so ready, I'm cummin' on your cranium
Right now, this is just wonderful
I can't tell, it's like you havin' more fun than \$hort
It's better than - two bitches at the same time
Or even ten dime-pieces, standin' in line
Takin' turns, while they suck on each others clits
Want a nigga with some game to nut on her upper lip
Massagin' her tongue, while I tickle her tonsils
It's no doubt though, I get big in your mouth hoe

[Chorus: Jazze Pha]

Nothin' in the world make a nigga feel better
Than when you're suckin' my dick
(Lick it right there, suck it real good
lick it right there, suck it real good)
Nothin' in the world make a nigga feel better
Than when you're lickin' my balls
(Lick it right there, suck it real good
lick it right there, suck it real good)
