Are you in Heaven or is it real life?
'Cause ain't nobody ever made you feel like
You can't get enough it, you keep wantin' more
Ever since you was young, you felt the need to explore

Baby girl, you'se a natural, you can't hide it
The way you put that strap on an' let her ride it
Gave her multiple orgasms witcha vibrator
All five flavors tasted like Life Savors

I know you love her, everythin' about her
Laid in the bed, you sprinkled baby powder
On the sheets, smilin', kissin' down her spine
Climbed over an' then y'all did the 69

'Cause her touch is nothin' like your man's
Soft as a baby when her butt is in yo' hands
An' she does so many different things
Make yo' body start shakin' almost instantly

She loves her
She's lovin' her
I know you love her
She's lovin' it

Sunshine in your life, hope it lasts forever
No bad weather, got her ass on the dresser
Lookin' so good, she got you so wet
You might be switchin' up for good but you don't know
yet

It's a brand new experience, you knew the day would
come
Find you a girl an' get you some
If it's her first time, I bet you can't tell
'Cause she got down on her knees an' licked that thang
well

An' when you taste her, you can't replace her
Smooth like Remi XO with no chaser
You look in the mirror an' see your own reflection
Face in her thighs with no long erection

She loves her
She loves her
I know you love her
She's lovin' it

I saw it in her eyes, I could tell the way she smiled
She's thought about these things, it's been a long while
She wants to play witchu if you can be alone
She turned the radio on to play her favorite song

She didn't take X pills, smoke weed or drink
Just take your clothes off an' let her kiss that thing
Don't be scared, I see you gettin' down like that
On your stomach while you run your tongue around that
cat

Y'all can be the 'Mary Jane Girls', 'All Night Long'
Play the radio with nuttin' but the hall light on
It don't stop, juices flowin' like a stream
With no man in between, feels like a dream

She loves her
She loves it
I know she loves it
She's lovin' that shit
