I noticed lately
You ain't the same n
I apologize for all the times I made you cry
Your emotionz gone crazy, confusin me lady
When I

I kno your worth... wat you deserve,
For me to put you first
Girl I'll do better
It's us against them
N I don't want em to win
Baby I'm gona change

Baby I'll neva let you substitute my love
(baby no I'll neva letchu go no)
Cause I know that you been in n out
All I know is this one thing babe
He can neva beat me no...
And I won't let him, can't let him
Changin my plans cause he'll neva understand
Baby I'll neva let you substitute my love

Ain't sleepin lately, girl is there sumone else
You don't wana spend time with me you wana be by
yourself
Your feelin so worthless, your makin me nervous
Can you get ova this?

I kno your worth... wat you deserve,
For me to put you first
Girl I'll do better
It's us against them

N I don't want em to win
Baby I'm gona change

Baby I'll neva let you substitute my love
(baby no I'll neva letchu go no)
Cause I know that you been in n out
All I know is this one thing babe
He can neva beat me no...

And I won't let him, can't let him
Change my plans cause he'll neva understand
Baby I'll neva let you substitute my love

I can't stand watch you throw your life away
Let's work thru this together
Wen theaz love therez a wayyyy

Ohhhhh... ohhh baby I...

Baby I'll neva let you substitute my love
(for another fella baby I can't let you do it)
Cause I know that you been in n out
All I know is this one thing babe
He can neva beat me no...
And I won't let him, can't let him
Change my plans
Baby I'll neva let you substitute my love

My love...
