Hey there, boy, wipe your tears away
Make no noise, nothing left to say

I'm so sorry this happened to you
Is there anything I can do?
You're so lucky if you find one
You had it all but now she's gone

So sorry so sorry this happened to you
(So sorry so sorry)
So sorry so sorry this happened to you
(So sorry so sorry)
So sorry so sorry this happened to you

Take some time, cast this world away
Ease your mind, pain will not go quickly

One woman, you were her man
She held your life in her hand
All that's left in her place is sorrow
Why do all good things have to go?

So sorry so sorry this happened to you
(So sorry so sorry)
So sorry so sorry this happened to you
(So sorry so sorry)
So sorry so sorry this happened to you
This happened to you

I'm feeling for you
What you're going through
It's more than I could bare

Nothing I could say to take the pain away
So I'll just say goodnight, goodnight
Until the time is right, goodnight
I've no more to tell you

Hey there, boy, wipe your tears away
Take some joy, you'll see her again someday
You'll see her someday
