Maybe she didn't start our first date out all wrong  
Maybe she didn't talk about herself too long  
Maybe she didn't act all boring like a robot  
But she's not the one cause she's a

Cute little x-con she's not the one  
Thinks killing is fun I'm on the run  
I gotta find a place to go  
Cute little x-con it's sick and wrong  
She's gotta big gun I'm on the run  
She doesn't like being told no

Maybe she didn't kiss just like an old bull frog  
Maybe she didn't have a body like a log  
Maybe she didn't have a mustache but I still doubt  
We'll go out again cause she's a

Cute little x-con she's not the one  
Thinks killing is fun I'm on the run  
I gotta find a place to go  
Cute little x-con it's sick and wrong  
She's gotta big gun I'm on the run  
She doesn't like being told no

Has she always been a psychopath  
I'd love to see the aftermath  
If she could ever change her ways  
And if she didn't seek my end  
I'd probably take her out again again  
But she's a cute little x-con she's not the one  
Thinks killing is fun I'm on the run  
I gotta find a place to go  
Cute little x-con it's sick and wrong  
She's gotta big gun I'm on the run
