Please don't convict me to this world I hate so much  
Please understand me hear me out before you judge  
Cause you don't know me  
Cause you don't know what I fear at night

Or what I dream  
Or how I breathe  
Or how I wake up in my own sweat  
Or how I scream  
When I wait for death  
When I lie here alone in my own bed  
Cause you don't know what I feel  
when the darkness turns off the light

Please sorry forgive me I don't know what I say  
I'm crazy chasing the sun that is why I act this way  
It's not that I don't love you  
Or hate you in any other way

It's just because  
I feel lost  
When I see you walking away  
Maybe you  
Can pull me through  
Until the beginning of a new day  
Cause you don't know what I feel  
when the darkness turns off the light

Come on baby please listen to these words to you  
I'm not perfect I'm crazy but all I say is true  
Cause you don't know me  
Cause you don't know what I fear at night

Or what I dream  
Or how I breathe  
Or how I wake up in my own sweat  
Or how I scream!!!  
When I wait for death  
When I lie here alone in my own bed  
But with you I'm not scared  
when the darkness turns off the light
