Wake up
I couldn't get to sleep the night
when the final verdict fell:
You were leaving
but not without a word
you said..

"Wake up
I just wanted to say goodbye
My bags are at the door
Will you wave me
Goodbye a final time
tonight "

Now it's many years ago
Have you found what you're looking for?
Is it all you expected it to be
A life without me?

Please come home
Yes please come home
Ever since you're gone it's cold,
So please come home
I'll try to change
If it's not too late
I'll give you a reason to stay
And add one every day

Wake up
I couldn't get to sleep tonight
As the light reflects upon
empty spaces
on your side of the bed

Now it's many years ago
oh how it seems eternity
Do you find the grass is greener now
or are you lonely just like me?

Please come home
Yes please come home

Ever since you're gone it's cold
So please come home
I'll try to change
If it's not too late
Ever since you're gone, I'm cold
So please come home
