"Take Me High"

I've had my share of losin'
it wasn't quite amusing
To find myself beneath the line. No one to cry or die for
No person to get shy for I couldn't say this man is mine.

Until I found my treasure which gives me love and
pleasure
I couldn't praise a single day
I found it back by you dear
You really brought me up here
with you my sorrows went away.

Take me high in the sky get together you and I
See the light of a beautiful day
kiss me once
kiss me twice
Let's create a paradise 'cause of you I'm livin' every
day.

May I jump to conclusions I had no great illusions
'Cause all I did was sit and cry
I'd lost my insDiration
I had no destination the only one around was 1.

But you have rearranged it
you've took my world and change
You've turned the night into day
now there is room for laughter
Before the morning after we love and kiss the night
away.

Take me high in the sky get together you and I . . .
