Honey, hide your steakknife!

Cold sweat drips from your aching head
Your heart stops as you turn the lightswitch on
The air is thick with the scent of your body
(The air is burning in my lungs)

I never knew
I never knew you'd die today

Don't ever tell me that you loved me
You fat pig
'Cause I'll pull the knife out
And I'll stab you in the back, baby
Just like that!

P.S., P.S.
Well, I love you so
P.S., P.S., P.S.
Well, honey, hide your steakknife!

I bet you never ever thought about your baby
And all those things you put your heart into
Or how I have my heart to you

Why
Would
You
Kill
Yourself?

'Cause I won't cry
No, I won't cry
No, I won't cry for suicide

And after your fire
I'll wonder why'd you waste?
It's your life, so don't bleed
It's your life, make it something

And after your fire

I'll wonder why'd you waste?
It's your life, so don't bleed
It's your life, make it something

I'll see you in my dreams
You'll never be safe with me
Never never ever forget you
Why did you do this?

And after your fire
I'll wonder why'd you waste?
It's your life, so don't bleed
It's your life, make it something
