A blossom fell, from off a tree  
It settled softly on the lips you turned to me  
The gypsies say, and I know why  
"A falling blossom only touches lips that lie"

A blossom fell, and very soon  
I saw you kissing someone new beneath the moon  
I thought you loved me, you said you loved me  
We planned together to dream forever  
The dream has ended, for true love died  
The night a blossom fell and touched two lips that lied

(Orchestral Break)

A blossom fell, and very soon  
I saw you kissing someone new beneath the moon  
I thought you loved me, you said you loved me  
We planned together to dream forever  
The dream has ended, for true love died  
The night a blossom fell and touched two lips that lied
