[Kid Cudi]

Where you goin'?

[Hook: The Knux]

I said she's gonna run run run, that girl's gonna run
Run run run, that girl's gonna run
Run run run, that girl's gonna run
(And she's gonna run) Run run run, that girl's gonna
run

[Verse 1: Joey]

(Yo yo)

She's an actress, know how to dump the rain
Her eyes are time, like blue florescent's in front the
Range
Now that's constructed pain, Major Payne, like Damon
Waynes (hoodi hooo)
I cut her like Serato cause she Fruity Loops!
Oh Joey, oh Joey, you the only one like Obi, Kenobi
Can't blame you for your 'cinatl's cold feet
But, but I must admit you've got me hooked like Peter
Pan
I'm on to your back just like the man
She said catch me if you can

[Hook: The Knux]

I said she's gonna run run run, that girl's gonna run
Run run run, that girl's gonna run
Run run run, that girl's gonna run
(And she's gonna run) Run run run, that girl's gonna
run

[Verse 2: Kid Cudi]

Hey girl I know that you gon' run
But see I know you'll be back back back back
Hey girl I know that you gon' run
But see they always come back back back back
N*gga like me smokin' Cali
Too much tree I can't be chasin' you
So, why the f*ck you got me up here runnin' after you
Let's keep it cool baby, let's talk about this

You can look all over though, you'll never find a d*ck
like mine

[Hook: The Knux]

I said she's gonna run run run, that girl's gonna run
Run run run, that girl's gonna run
Run run run, that girl's gonna run
(And she's gonna run) Run run run, that girl's gonna
run

And she's gonna run [x3]

I said she's gonna run run run, that girl's gonna run
Run run run, that girl's gonna run
Run run run, that girl's gonna run
(And she's gonna run) Run run run, that girl's gonna
run

[Verse 3: Krispy]

She say she want to be my friend
But I ain't tryin' to be her friend
I'm just tryin' to be up in her beat like
Kicks and snares
But sh*t
Look at the stares
When she switch that there
She walkin' away
Believe her, a diva,
Ask Lauren and Geneva
Geneva?
Geneva, I really need to see her
Tell your friend Jalisa
That I been trying to reach her
She don't even care like "leave 'em there."
Layin' on your back like weave and hair,
Don't even dare

[Hook: The Knux]

I said she's gonna run run run, that girl's gonna run
Run run run, that girl's gonna run
Run run run, that girl's gonna run
(And she's gonna run) Run run run, that girl's gonna
run
Run run run, that girl's gonna run
Run run run, that girl's gonna run
Run run run, that girl's gonna run
(And she's gonna run)

Hey, that girl's gonna run...
Run run run, that girl's gonna run...
And she's gonna run...

Yeah
Go on, run

You'll be back
