"Easy Riser"

Visit "[Easy Riser](#)" on MotoLyrics.com

You know he's the easy riser man, who never cares and
never can
He'd rather sleep the day away than work as hard as
play
It's rather talk, it's rather sing than lift a finger or begin
to sit and think of things to do
He's the easy riser man, his world's agloss with lots of
tan
He doesn't seem to know your name, he won't
complain or play
An attitude that can't be touched, won't make a mess
or make a fuss
He always has a tale or two, he's part of you

Bridge

He's the man you know can make you happy
Turn your world around and make you smile
But if you think you're gonna change his thinking
Think again cos it will take a while

Chorus

He's gonna love you now, gonna love you now,
He's gonna love you now till the end of never
He's gonna love you now, gonna love you now
He's gonna love you now till a new forever

Well, it's the easy riser way to live the night and lose
the day
He never has to force a smile, he's happy all the while
A bomb could drop, a bell could ring, he never ever
hears a thing
He always seems to make it through, he'll sing an easy
riser song
He'll never tell you where he's from, he'll always steal
the comfy chair
But a gentleman and fair, a hippy, happy lazy man
without a crazy masterplan
He has a perfect point of view, he loves you
