Come close, closer my baby
Lay your body next to mine
Before I have to leave you
Let me touch again your skin
While we have time
Yeah, to have one more try
Your shape gives me a fever
Lets me taste that perfect high
Mmmm, ahhh, as we lay in tranquil peacefulness
Our bodies entwine, as we share in our togetherness
To have, to hold, it's all to good to be true
My feelings are simple, I want you

Chorus:

(I want you, I want you)
(I want you, can you hear me coming through?)
(I want you, I want you)
(I want you, can you hear me coming through?)
(I want you, I want you)
(Can you hear me coming through?)

You pull me in towards you as we slip between the
sheets
Whisper gently in my ear, tell me all the little treats
You have in store for me, girl you're turning me on
Tonight our night, but babe you know we cannot do no
wrong
My fingers wander round your paradise land
Your body writhes, I hold you as I settle in your sands
My body sweats, I need you as I feel along your shore
I see your eyes, you body cries, you cannot take no
more

Chorus:

(I want you, I want you)
(I want you, can you hear me coming through?)
(I want you, I want you)
(I want you, can you hear me coming through?)
(I want you, I want you)
(Can you hear me coming through?)

Just to hold you, girl, is a blessing
But there's not too many times like this we have
together
So I'm gonna have to go real slow (Mmmm, ahhh)
And let it linger

Bestow on me your presence, bathe me with your
essence
When I load it, when I cock the gun
Oooh girl, pull the trigger

(Can you, Can you, Can you, Can you hear me?)

I want you, can you hear me?
Can you hear me coming through?

(Can you, Can you, Can you, Can you hear me?)

I want you, can you hear me?
Can you hear me coming through?

Chorus:

(I want you, I want you)
(I want you, can you hear me coming through?)
(I want you, I want you)
(I want you, can you hear me coming through?)
(I want you, I want you)
(Can you hear me coming through?)

I want you, can you hear me?
Can you hear me coming through?
(Can you hear me coming through?)

(I want you, I want you) I want you
(I want you, can you hear me coming through?)
(I want you, I want you) I want you
(I want you, can you hear me coming through?)
(I want you, I want you) I want you
(Can you hear me coming through?)

I want you, can you hear me?
Can you hear me coming through?
(Can you hear me coming through?)

Repeat to fade
