Now here's a lesson to be learned,
From a story I once heard,
They said: Set love free...
Then let it go: Come back to me...

As I walk down the street,
I know the pavement beneath my feet,
And it's taking me: To your door...
Where I've been: Times before...

But do it right, girl...
But do it...right...

CHORUS

You go your way,
I'll go my way,
You can go anyway, just come back in my arms...
You go your way,
I'll go my way,
You can go anyway, just come back in my arms...

Just a thought in my head,
Wasn't all what I said,
But I keep: Knocking at your door...
And then again: I'll knock some more...

A light goes on, my heart will race,
And through the glass I see your face,
And I want you now: By my side,
I'll come in now: I'll come inside...

But do it right, girl...
But do it...right...

CHORUS

You go your way and I'll go mine...
You go your way and I'll go mine...

CHORUS
