One look across a crowded room
Makes my heart go boom
Fell my temperature risin'
On look I lwas blowin' away
Needle lost in hay
One step closer to heaven
(You know)
You know I wasn't searchin' baby
(You know)
You know I wasn't searchin' baby
(It only took one, one, one day)
(I can see your eyes smile)
(It only took one, one, one day)
(I can see your eyes smile)
(Smile at me)
One look I was hypnotized
I was mesmerized
I was under your spell
One look under the pale moonlight
As our eyes unite
My body surrenders
(Oh why you never realised before?)
(Your eyes can hide your secrets)
(They can also be a window to your soul)
(It only took one, one, one day)
(I can see your eyes smile)
(It only took one, one, one day)
(I can see your eyes smile)
(Smile at me)
(It only took one, one, one day)
(I can see your eyes sm! ! ile)
(It only took one, one, one day)
(I can see your eyes smile)
(Smile at me)
One look can make me paralysed
One look can make me fantasize
One look can make my spirits high
Can meke me wonder why
One look it can make me lose control
One look in to my very soul
One look can somehow satisfy
I'm on a natural high

(It only took one, one, one day)

(I can see your eyes smile)

(It only took one, one, one day)

(I can see your eyes smile)

(Smile at me)

(It only took one, one, one day)

(I can see your eyes smile)

(It only took one, one, one day)

(I can see your eyes smile)

(Smile at me)

[Repeat to fade]:

One look can make me paralysed

One look can make me fantasize

One look can make my spirits high

Can meke me wonder why

One look it can make me lose control

One look in to my very soul

One look can somehow satisfy

I'm on a natural high
