This must be heaven...

Do you know, do you know what's going on inside my
mind,

Can you save, only save this moment being like
mankind,

Loving you like I do you know I'd spend my life with
you,

The love you show that can grow and mend this broken
heart of mine.

CHORUS

Take a hold of my hand, show what it can be like,
Take a hold of my hand and I will take you there...

I'll bring you heaven,

Together with a falling star,

I'll bring you heaven,

A miracle from afar...

This must be heaven.

Can I ask, only ask the one thing burning in my eyes,
Will you stay, only stay so close now right here by my
side.

CHORUS

And I will take you there...

I'll bring you heaven,

Together with a falling star,

I'll bring you heaven,

A miracle from afar...

This must be heaven.
