"Today"

I see that girl, in the Woolies window...
She reaches up and I feel my heart glow,
I'm so in love, coz she's my Venus,
And we'll do just what we want!

CHORUS

Lalalalalala, lalalala,
Coz we're doin' what we want now,
Lalalalalala, lalalala,
Coz we're doin' what we want today, oh yeah!

We spend the day, on a bed of roses,
I read my lines, till the curtain closes,
And she just smiles, she's so inviting,
And we'll do just we want!

CHORUS
