[Intro:]

Hey, heyy
Haha, ayy

[Chorus:]

I'm a reject, I'm a reject, I'm a reject, I'm a reject
I'm a reject, I'm a reject, I'm a reject, I'm a reject
I'm... a... re-ject, I'm... a... re-ject
I'm... a... re-ject, I'm... a... re-ject

[Verse 1:]

I'm, outstandin, so I stand out
I'm a reject, I don't fit in with you clowns
I'm too fly, allergic to the ground
And promethazine prevents me from pullin down
Got a style so proper and my swagger ain't bad
My lyrics on point, and my beats slap
This gotta be a crime, I can feel em gettin mad
Is it cause the honeys stay pressin me like keypads
Even your chick love the way I'm spittin
Beat the track up, you'll swear chris brown did it
Ha, 808s kickin, and them be the purpose
Why I'm doin the reject, mixin it with jerkin
Say mister, I go harder than the surface
In my profession, I done seen more flips than a circus
I'm, hotter than a fernace, consider me the best
Too cool for you dudes, I guess I'm a reject

[Chorus:]

[Verse 2:]

I'm a geek, I'm a jerk, I'm a dweeb, I'm a nerd
I'm a creep, I'm a flirt, I'm a reject, word
Yes sir, incase you ain't heard
I like my chicks freaky, and my cups full of syrup
I stay gettin hurt, I love it like stuntmen
If you talkin fresh, I'm a monument of it
It ain't my fault, if your girl love it
Captain baby, I'm fly without the luggage
Ha, I'm smooth yet rugged
All eyes on me when I cruise through the function

Most wanted, so baby come arrest me
And if you sexy, we can kick it like my SBs
Let's leave, and head to the car
I can tell baby girl never been with a star
She like, you're a star, I replied, why yes
But a nigga like me prefer the term reject

[Chorus:]

[Verse 3:]

Freeze, what it do
I'm a reject, what about you
Do the reject, do the reject, do the reject, do the reject
Do the reject, do the reject, do the reject, do the reject
Do the reject, do the reject, do the reject, do the reject
Do the reject, do the reject, do the reject, do the reject
Do the reject, do the reject, do the reject, do the reject
I'm a reject, he's a reject, she's a reject, we're all
rejects
I'm a reject, he's a reject, she's a reject, we're all
rejects
Ha, I'm a reject
