confusing

i thot your frens warned you this bound to happen
and now they laughin cause back then you was no rap
fan
until you read about me in the papers and the mags
and daily on the radio until you got the wax
some mere infatuation, until you got to check me out in
person
first sight of me causing exhilaration
you love the way i do my cap and how i move the crowd
the funny way i hold the mic it kinda make you smile
so dat the kid dat got mo chicks than kentucky ay
you tried your luck hopin its one of your yer lucky days
snuck to the backstage, i sayd relax ay
no need to panic ill sign anything you ask babe
flashed your thighs wouldnt settle for less
and left my crib the same night with autographs on
your chest, for real

CHORUS A (mimie)

if you wanna party baby know that i will be there by your
side
treat me like a lady ill be yours tonight, the feeling's all
so right

rock this fantasy
