Good luck to you and take care  
Those were the last words that we all said  
And shook hands  
Then headed down that famous lonely road

Never knowing that today  
Would be the last day  
That we all were together  
All together just as one

Now everything has changed  
I'll never feel the same

All the memories created  
And now the pictures are faded  
I still remember all the good times that we had  
Young and stupid  
And it all went by so fast

Those were the best days  
We were kings  
And it felt just like nothing could stop us  
Invincible like we could rule the world

No regrets just big dreams  
And one big plan to stick together  
Forever  
All for one and one for all

Now everything has changed  
I'll never feel the same

All the memories created  
And now the pictures are faded  
I still remember all the good times that we had  
Young and stupid  
And it all went by so fast

Cheers to all my friends  
Wherever you may be  
I hope you still remember me

Remember me

Although all the memories are faded  
They made a picture in my mind

I still remember all the good times that we had  
Young and stupid  
And it all went by so fast

Cheers to all my friends  
Wherever you may be  
I hope you still remember me  
Rememberâ€¦rememberâ€¦  
I hope you still remember meâ€¦  
Rememberâ€¦rememberâ€¦  
I hope you still remember me
