"Killing Me"

It's killing me, yeah the things that you can do,
That no one else can do to me at all,
Am I wasting my time, as I fear that I'll go out,
AND find someone that's out of luck too,

And if I had to do it all again,
I would to feel the love that I know you can send,
Till I swing low,
Did I move too close,
Will the wind blow her away,
Will the wind blow her away?

And I saw you cry, so I know you didn't mean,
To creep into my dreams, just to turn me down,
You say you feel so used,
But it was you who turned it on,
And used all of your charms just to bring me in,

And everybody knows the games she plays,
And every time she loses she runs away,
Until I swing low,
Did I move too close,
Will the wind blow her away,
Where will the wind blow her today,
Will the wind blow her away?

You could help me out,
I want to love you again,
Yeah you could help me out,
I want to love you again,
Because I feel so cold without the sun,
And you're the one I can't run from,

Will it blow her away,
Will the wind blow her away,
Will the wind blow her away?
