So Luby Lou , she's got time for you, time for me ,  
she's got time for any man! Sticky fingers and a  
sticky mind, a heart earned heart and a heart of glass  
in her hand!

Oh! Luby , here she comes! Whoa! She's so full of  
fear! Listen!

Luby luby Lou, Luby won't you learn that you caused  
my pain?

Luby luby Lou, Luby won't you learn that you caused  
my pain?

Luby..Luby

Luby , Oh! Here she comes, Whoa! Come over here!  
Sticky fingers and a sticky mind, a heart earned heart  
and a heart of glass in her hand!

Whoa!

Luby luby Lou, Luby won't you learn that you caused  
my pain?

Luby luby Lou, Luby won't you learn that you caused  
my pain?

Luby luby Lou, Luby won't you learn that you caused  
my pain?

Ha! Ha! Ha!Ha!Ha! Whoa!

(guitar solo by Hugh)

So Luby, you took my love away! I gave you all I gave  
you, I gave you all!

So Luby, you took my love away! I gave you all I gave  
you, I gave you all!

Luby you took my love away! I gave you all, I gave you  
all!
