See the same old crowd again,
Wash my hands and shake my feet,
And yes I missed you all,
Since I last saw you I feel down the rabbit hole,

As I wonder what we'd be like,
Wrapped up, so up tight yeah,
Lust will do funny things,
I don't want you to go out looking so good,
And you look so good...

Rosie,
Well I feel your love and I want you to agree,
To be,
Still take your time but get to me,
Rosie,

She looked away as I mentioned my name,
The street lights light up my shame,
The world can take you and swallow you whole,
But you're a big girl and I think that you already know,
You've been bought and sold,

Be careful with me,
I see all that you see,
Troy died in a day for little Rosie,

Rosie,
Well I feel your love and I want you to agree,
To be,
Still take your time but get to me,
Rosie,

Gonna find you now I'll walk the beat,
And you'll do me a pirouette in the street,
And although we'll fall, we'll find our feet,

Well I wanted you so easily,
Illusion past and now I see,
An image is so different to reality,
Rosie, Rosie.
