Oh you can have it all and wrap it in the world
You can have everything
You can have love and lots of other things
To make you think
But when it all comes down to you girl
Yeah no matter what you do
Take a look at yourself and realize
I've been good to you
I've been good to you

Oh no! I didn't mean to say what I did say
All about lovers and how they should lay
That was never for me to say and say
Don't you see now how I pay

I see the sun rising
And all you see is its fall, fall, fall

So come on up
Wasn't it you who said life was like a plastic cup
To be used and then disposed of
Yeah but thats no way to live a life like yours
Don't you see now how i pay

I see the sun rising
And all you see is its fall, fall, fall

For all the times i never never turned away
And now she is there on someone else's arms
