Well there aren't any here yet.

See your name in lights: send them in!

[around 13:30 into the song, this conversation takes place]

[Buzz:] What about Ryan?

[Maynard:] No, he blew it, he lost the number for the girl he met down here.

[Buzz:] Oh, and Adam said she's a beauty.

[Maynard:] She's the one who has that fucked up voice.

[Buzz:] Is she a rocket scientist?

[Maynard:] The fuckin'... she has a voice like a fuckin' modem dude!

[Buzz:] (Laughs) Sounds perfect!

[Maynard:] Immatates a chick with a voice like a modem sayin' some weird gibberish... (You have to hear it)

[Buzz:] (Laughs heavily)

[Maynard:] Then he got to work up there, you know Ryan gets off at work, I guess to show that he has a dick.

[Buzz:] (Laughs again)
