you. you...  
you believed in moments not conceived  
you believed in me  
a patient in spirit  
uncompromise  
without us in your heart  
a light in your eyes that ends all lies

vacant, broken  
fell in pains  
will you pray for me soon

what have I done to be a son to an angel  
what have I done  
to be worthy

daylight dims  
leaving cold flourescence  
difficult to see you in this light  
please forgive this selfish question but  
don't know what to say to all these ghouls tonight  
she never told a lie, but might have told a lie  
but never lived one  
didn't have a life, didn't have a life  
but surely saved one  
alright, now it's time for us to let you go
