So much careless Ethiopians  
Have gone astray  
So much careless Ethiopians  
Have gone away  
Hey, hey

They calling up an Antichrist  
Each night and day  
Pray for a god to come from outer space

So much careless Ethiopians  
Have gone astray  
So much careless Ethiopians  
Have lost their way

Are you coming my way?  
Are you coming my way?  
I said I wonder what you do  
You gotta come my way  
Come my way

Is they know not where they're going?  
They've gone astray
