Get Up, Stand Up (x2)  
I was going...to see my love  
And I was going

Get ready, brother  
Get ready, sister  
I was going...to see my love  
I was flowing

Get on board the train  
For the evening train would be too late  
Get on board the train  
For the evening train will be too late  
But I don't hear it  
Where is the evening train?

Sitting in the brightened sun  
Waiting for the day to come  
Wishing for the night to come  
That won't help  
Sitting in the brightened sun  
That won't help  
Each the night and day will come  
That won't help

Get up now  
Get up, stand up now

Sitting inside a soul  
Crying every day for more (x2)  
That won't help  
Crying every day for more

Fly a bird in the evening sun  
Burning out of control (x2)  
That won't help

C'mon, C'mon...

Get Up, Stand Up  
Time is going down now

My summer love is fading
