John James went down to London town, London town  
Yeah, he want to be a member if he can  
But I know and I know  
He never had that nice shirt before

He's sitting in a mansion smoking big cigar  
He's sitting in a mansion smoking big cigar  
But I know, and I know  
He never had that nice shirt before

All I want sir is just put me among the girls  
He said all I want sir is just put me among the girls  
But I know and I know  
He never had that nice shirt before, well, Johnny, you

Johnny is the coolest one  
Johnny is the coolest one  
Johnny is the coolest one  
Johnny is the coolest one

Johnny is the coolest one  
Johnny is the coolest one  
Johnny is the coolest one  
Johnny is the coolest one  
But he is bad, bad, bad, bad, bad, bad

Johnny is the coolest one  
Johnny is the coolest one  
Johnny is the coolest one
