I saw you coming to meet me  
With all your friends coming to greet me  
It is a good communication  
It's a heavy, heavy, heavy, vibration

You make me feel so good inside  
Yes, you make me feel so good inside

And the first I saw your face  
And I want to know, what's your name  
Yes, you know who I am  
And I want to know who you are

Yes, you know who I am  
And I want to know who you are  
Yes, you know who I am  
And I want to know who you are

It is nice, meeting all of you  
And to talk with you, you see what love can do  
What a sweet communication  
With a heavy, heavy, heavy, vibration

And you make me feel so good inside  
Yes, you make me feel so good inside

And the first I saw your face  
And I want to know, what's your name  
'Cause you know who I am  
And I want to know who you are

Yes, you know who I am  
And I want to know who you are  
Yes, you know who I am  
And I want to know who you are

Want to know who you are

I saw you coming to meet me  
With all your friends coming to greet me  
It is a good communication  
It's a heavy, heavy, heavy, vibration

And you make me feel so good inside  
Yes, you make me feel so good inside

And the first I saw your face  
And I want to know, what's your name  
'Cause you know who I am  
And I want to know who you are

Yes, you know who I am  
And I want to know who you are  
Yes, you know who I am  
And I want to know who you are

Want to know who you are, yeah

You know who I am  
And I want to know, I want to know  
Who you are

You know who I am  
And I want to know who you are  
Yes, you know who I am  
And I want to know
