I walked into a record shop  
They were playing number one  
People rockin' up the place  
And havin' so much fun  
I heard this fellow talkin'  
I heard this fellow say  
Well, them cats are cool  
And they're twice as gone  
And they're a-rockin' all the way  
Ain't that a dilly, ain't that a bird  
Ain't that the coolest thing that you ever heard

Well, I love my baby  
I'd climb the highest tree  
I'd swim the widest ocean  
If she'd just dance with me  
So I called my baby on the phone  
But she can't go tonight  
She's got the mumps and the measles too  
And she don't feel just right  
Ain't that a dilly, ain't that a bird  
Ain't that the coolest thing that you ever heard

Well, she's got me feelin' weary  
She's a-got me feelin' blue  
I think I'll write a song for her  
And I'll record it too  
I think I'll call it Chopin, Beethoven No. 2  
Then I'll put it to a rockin' beat  
And do it all for you  
Ain't that a dilly, ain't that a bird  
Ain't that the coolest thing that you ever heard
